Its 10th jubilee edition will be held from 14 till 16 September, 2016 in Wrocław, Poland. The aim of the conference is to provide an internationally respected forum for research on the theoretical or practical aspects of work the mentioned above areas. Papers are invited from prospective authors with interests on the indicated conference topics or on related areas. Contributions from industry and commerce are very welcome and will be presented during the traditional Industrial Session.

Web Systems and Network Technologies:

Adaptive Web Sites

Cloud Computing and its Security.
